ATLANTIS LINK S1

NEGRO 267

ED. 20230719

TECHNICAL SPECIFICATION

Regulation	EN ISO 20345:2011
Certification	S1 + HI + CI + SRC
Class	I
Category	II
Size (Continental)	34-48
Colour	Black
Design / Kind	Shoe / Type A
Electrical resistance	Antistatic
Closure system	Double Leather Turn Up with Velcro®

Upper material	Water-repellent natural full grain leather
----------------	--

Toecap	"Fiberplast" Composite 200 J
Midsole	-
Outsole	CES Injected PU/PU

DESCRIPTION OF COMPONENTS

Lining	Highly resistant foamized fabric with polyurethane foam
Insole	Antistatic, antibacterial and anti-fungal
Upper-sole union	Direct injection to the upper

Return your used Panter® footwear to give it a new life.

Scan to + info

One of the biggest challenges facing the planet today is to reduce the amount of waste we produce per person per year.

In 2015, the United Nations General Assembly set 17 sustainable development goals for the 2030 Agenda that aim to achieve equality between people, protect the planet and ensure prosperity.

Recycling process covered under law 7/2022 of 8 April 2022.

Recycling process audited by Altran Innovación S.L. - Capgemini Engineering.

At Panter® we are committed to sustainability, which is why we offer users, distributors and customers the possibility of giving Panter® footwear a second or third life.

We are able to convert Panter® shoes through a recycling process, once their useful life is over, into other secondary materials to reintroduce them into the production chain and thus reduce the amount of waste sent to landfills and incinerators, which are so harmful to humans and the planet.

Shoes should not be thrown away in the rubbish, because once they are there they leach plastics, heavy metals and other toxic chemicals into the environment. They take up to 200 years to decompose.

The aim of Recicla Panter® with the material valuation of used footwear is to reduce waste as well as to reduce greenhouse gases.

BENEFITS FOR THE USER

- Turns the kinetic energy of each step into impetus for the next step.
- Enhances the comfort in:

Balanced distribution of foot pressures.

Less muscle fatigue.

Reduction of lumbar pain.

Less risk of injuries.

BENEFITS FOR THE USER

All the textiles employed in PANTER footwear are in accordance with the Standard 100 OEKO-TEX (confidence in textiles). This certification guarantees that all the textiles employed are exempt from substances that might be harmful for the humans or the environment.

All the materials used have been treated to avoid the bacteria and fungus proliferation that may cause infections, bad smells or skin problems.
